

School Wellness Policy

Assessment Tool

Date of Assessment: October 6, 2014

Goal	Implementation Status Yes / No
The school will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing nutrition and physical activity policies.	Yes
All students in grades PK-12 will have opportunities, support, and encouragement to be physically active on a regular basis.	Yes
Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.	Yes
To the maximum extent practicable, our school will participate in available federal school meal programs.	Yes
School will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services. The policy also addresses several "food" areas including food sold through food service, school store, vending, fundraising activities, snacks, rewards, celebrations/birthday parties and school-sponsored after school activities.	Yes
